\* There is issued annually by the Navy Department, as of January 1, the "Register of Commissioned and Warrant Officers of the United States Navy and Marine Corps." It gives complete information concerning the rank, service, place and date of birth, and date of entry into the service of every commissioned and warrant officer of the Navy and Marine Corps on both the active and retired lists. Pay tables are included, and a name index closes the Register. In addition, there is issued every quarter a Navy Directory which lists alphabetically "Officers of the United States Navy and Marine Corps; also including officers of the U. S. Naval Reserve (Active), Marine Corps Reserve (Active), and Foreign Officers Serving With the Navy." This Directory gives complete information concerning the organization of the Navy Department and of the Naval Establishment, including ships and shore stations. Copies of the Register can be secured by purchase, at \$1 a copy, from the Superintendent of Public Documents, Washington, D. C., and copies of the Directory at 25 cents a copy.

<sup>1</sup> The legal residence of civilian officials and employees only is given.

<sup>13</sup> Howard University is not a part of the Interior Department. It was incorporated by act of Congress, of Mar. 2, 1867, as "a university for the education of youth in liberal arts and sciences under the name style, and title of Howard University." The first appropriation to the university from the United States Government was made on Mar. 3, 1879, and each year since Congress has continued to make appropriations for the maintenance and development of the university. Such appropriations are required to be expended under the supervision of the Secretary of the Interior. The total university budget for the fiscal year 1929-30 is \$2,650,091.85, including \$560,715.33 for building operations, \$380,985.65 for a chemistry building, the balance remaining of the \$390,000 appropriated for that purpose; and \$179,729.63 for a dormitory building for young women, the balance remaining of the \$190,000 appropriated by Congress in the appropriations acts of 1925 and 1930. Both appropriations for the building operations were made without year. By the act of Dec. 13, 1923, amending section 8 of an act entitled "An act to incorporate Howard University in the District of Columbia," approved Mar. 2, 1867, Congress authorized annual appropriations to be made for maintenance, etc., of the institution.

<sup>14</sup> Serves without additional compensation.

<sup>15</sup> This institution is managed by a board of trustees, but certain duties in connection with the administration are under the supervision of the Secretary of the Interior.

<sup>16</sup> The governors and secretaries of the Territories are presidential appointees. The reports of the governors are made to the Secretary of the Interior. The organization of the courts of Alaska and Hawaii are shown on pp. 145, 147.

## UNITED STATES BOARD OF MEDIATION

The United States Board of Mediation was organized under the provisions of Public Act No. 257, Sixty-ninth Congress, approved May 20, 1926, entitled, "An act to provide for the prompt disposition of disputes between carriers and their employees, and for other purposes," known as the Railway Labor Act. It is an independent agency in the executive branch of the Government and is composed of five members, appointed by the President, by and with the advice and consent of the Senate. The board maintains its principal office in the District of Columbia, but it may meet at any other place. The Railway Labor Act applies to express companies, sleeping-car companies, and carriers by railroad subject to the interstate commerce act, provides that such carriers, their officers, agents, and employees shall exert every reasonable effort to make and maintain agreements concerning rates of pay, rules, and working conditions, and to settle all disputes whether arising out of the application of such agreements or otherwise. All disputes between a carrier and its employees shall be considered in conference between representatives designated and authorized so to confer, respectively, by the carriers and by the employees thereof interested in the dispute.

NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

The National Advisory Committee for Aeronautics was established by act of Congress approved March 3, 1915 (U. S. Code, title 50, sec. 151, p. 1698). Its membership was increased from 12 to 15 members by act approved March 2, 1929 (Public No. 908, Seventieth Congress). Its membership consists of two officers of the Army, two officers of the Navy, a representative each of the Smithsonian Institution, the Weather Bureau, and the Bureau of Standards, with eight additional persons acquainted with the needs of aeronautical science, or skilled in aeronautical engineering or its allied sciences. The members are appointed by the President and serve without compensation. The duties of the committee are to supervise and direct the scientific study of the problems of flight; also to direct and conduct research and experiment in aeronautics. Under the rules and regulations approved by the President, technical subcommittees have been established whose duties are to aid in determining the problems to be scientifically attacked in their respective branches of the aeronautical field and to endeavor to coordinate the research and experimental work involved in the study of the problems agreed upon. The major subcommittees are those dealing with aerodynamics, power plants for aircraft, materials for aircraft, problems of air navigation, aircraft accidents, and aeronautical inventions and designs. These subcommittees are composed in part of specially appointed representatives of the War, Navy, and Commerce air organizations. The committee directly conducts research and experiments in aeronautics at the Langley Memorial Aeronautical Laboratory, Langley Field, Va. It conducts the Office of Aeronautical Intelligence, for the collection, analysis, classification, and dissemination of scientific and technical data on aeronautics obtained from all parts of the world; and passes upon the merits of aeronautical inventions and designs submitted to any branch of the Government. The entire committee meets twice a year, in October and April; the executive committee and the various subcommittees hold regular and special meetings as necessary.

## UNITED STATES COUNCIL OF NATIONAL DEFENSE

The Council of National Defense, composed of members of the Cabinet, was charged by the act of August 29, 1916, among other things, with the "coordination of industries and resources for the national security and welfare" and with the "creation of relations which will render possible in time of need the immediate concentration and utilization of the resources of the Nation." No appropriations have been made for nor any meetings held by the council since the fiscal year 1921. The records of the Council of National Defense, as well as those of the War Industries Board and the Committee on Public Information, are now under the jurisdiction of the Assistant Secretary of War, who is charged by law (act of June 4, 1920) with the "assurance of adequate provision for the mobilization of matériel and industrial organizations essential to war-time needs."

The Pan American Union (formerly International Bureau of the American Republics) is the official international organization of all the Republics of the Western Hemisphere, founded and maintained by them for the purpose of exchanging mutually useful information and fostering commerce, intercourse, friendship, and peace. It is supported through their joint contributions, each nation annually paying that part of the budget of expenses which its population bears to the total population of all the Republics. Its general control is vested in a governing board made up of the diplomatic representatives in Washington of all the Latin-American Governments and the Secretary of State of the United States. It is strictly international in its scope, purpose, and control, and each nation has equal authority in its administration. The Pan American Union occupies and owns a monumental building on extensive grounds in Washington, D. C., overlooking the White House park.

Columbia Institution for the Deaf is a corporation established in 1857 by private enterprise. It is now maintained by direct appropriations by Congress, by tuition fees, and by endowment. The act of Congress in 1857 incorporating the institution allowed \$150 per annum from the United States Treasury for each indigent pupil from the District of Columbia. In 1858 Congress granted \$3,000 a year for five years for salaries and incidental expenses of the institution, and authorized free admission of deaf and dumb or blind children of men in the military or naval service of the United States. In 1865 Congress provided for the transfer of the blind children and removed the words "and the blind" from the corporate name of the institution. In 1864 Congress authorized the institution to confer collegiate degrees. With this new departure Congress made a considerable increase in its annual grants and provided that a limited number of students be admitted to the collegiate department from the several States and Territories free of charge. The number of students thus admitted free was at first 10; the number has been increased by acts of Congress until now it is 125. In 1887, the college was opened to young women and in 1891 a department for the training of hearing teachers of the deaf was established.

<sup>1</sup> Allowances in this column are on the basis of a month of 30 days. For a month of a greater or less number of days the amounts should be correspondingly increased or decreased.  
<sup>2</sup> The maximum allowances which will accrue to an officer below the grade of brigadier general, or to a major general, will be such that the total of base pay, pay for length of service, and allowances for subsistence and rental of quarters will not exceed \$7,500, \$7,500, and \$9,700, respectively, per annum. Deduction of the necessary amount should be made from the rental allowance.  
<sup>3</sup> The total of base pay and pay for length of service of an officer below the grade of colonel shall not exceed \$5,750 per annum.

NOTES

Nothing in the act shall operate to reduce the pay of any officer on the active list below the pay he was entitled to receive by reason of his grade and length of service on June 30, 1922, exclusive of the temporary increase under the act of May 18, 1920. On and after July 1, 1922, he becomes entitled to the new allowances of the pay period in which he is placed by reason of his grade, length of service, and method of entry into the service.

An aid to a major general is allowed \$200 and an aid to a brigadier general \$150 per year in addition to the pay of his rank—(R. S. 1251.)  
Any officer below the grade of major required to be mounted shall receive \$150 per annum additional if he provides one suitable mount at his own expense, and \$200 if he provides two mounts.—Act May 11, 1908. A Department appropriation act approved Feb. 28, 1929, provides "That the number of horses owned by any officer of the Army occasioning any public expense, including extra compensation, shall be reduced to one on June 30, 1930, and to none on June 30, 1930, and May 26, 1928."

Retired officers below the grade of brigadier general and retired warrant officers and enlisted men shall, when on active duty, receive full pay and allowances.—Sec. 40b, act of June 4, 1920, as amended by the acts of June 10, 1922, and May 26, 1928.  
Officers and enlisted men of the Army shall receive an increase of 50 per centum of their pay while on duty requiring them to participate regularly and frequently in aerial flights. Sec. 13a, act of June 4, 1920, as amended by the acts of June 10, 1922, and July 2, 1925.  
That the discharge and recommission of officers in the next lower grade shall not operate to reduce the pay or allowances which they are now receiving or to deprive them of credit for service now counted for purposes of pay or retirement.—Act Sept. 14, 1922.
